Rescue Squad Serves In 201 Cases of Illness, Drownings, Accidents

Letters Asking Finance Aid In Housing Equipment Sent This Week

Activities of the Antioch Rescue squad in terms of figures will be given thousands of persons in the Antioch area this weekend in printed appeals for aid to the volunteer organization's fund.

But the figures cannot be accurate. "The squad has answered 201 calls during 1949," said the brochure, but before the ink is dry, there probably will be a call or two because the squad is ever in demand in event of the need of first aid.

The squad at least has taken care of 102 highway accidents, 29 drownings, 47 heart cases, 29 hospital cases, and 19 cases of a miscellaneous nature this year.

Because people of the Antioch area, regardless of who they are and where they are from have the satisfaction of knowing that night or day they have at their immediate call first aid and ambulance service, it is probable that these volunteer workers who seek nothing more than money with which to purchase equipment to better serve the public will get a wholehearted response on their appeal for financial aid.

W.S.C.S. Will Sponsor Black Face Fun Night At High School Sept. 8

Some of Antioch's best talent will participate in the Black Face Fun night sponsored by the Woman's Society of Christian Service at 8 p. m. Thursday, Sept. 8, at the High school auditorium.

The slow, good humor of the "darkie," the negro who uses the long words in the wrong places, light music mixed with fun and nonsense are expected to be portrayed well in this show.

The program includes:

Two announcers, Bill Deering and Jack Mahoney; Gene Batheke, trumpeter; Eleanor Kufalk, Mammy; Edward Raether, small son; Homer LaPlant and Benny Drury, "Mush and Poke, detectives"; the Dixie Belles, a trio.

Also, Luster Badger and Bernard Guillaume, "Two Coons in a Wreck"; Jill Mahoney, tippy dance; Bill Dow, Ralph Trieger, Stuart Good, and Dick Kaufman, Albammy Four (quartet); Thala and Joe Rush two black boys fishin'; Verna Kufalk, Mabel Lou Dow; Bob Wilton and Bill Dow in "Black Vamp."

Mabel Lou Dow and Harriet Davis will be the accompanists.

Squad Called In Auto-Cycle Crash On 173 Tuesday

The Antioch Rescue squad administered first aid to Roy Lubkeman, of North Avenue, Antioch, on Tuesday afternoon, after the motor cycle on which he was riding crashed into a car driven by Alma Cole, of Richmond. The accident occurred at 2 p. m. near Dad's Shady Inn.

Lubkeman was slightly injured, but it is believed that he was not seriously hurt.

A call last night, just after midnight, to squad members to Rock Lake, Wis., where Benjamin Albrecht, had suffered a heart attack. Restorative measures were taken by the squad and a physician summoned. His condition is satisfactory.

Albrecht is a retired fire department captain from Chicago, and has made his summer home at Rock Lake for many years.

Burglars Frightened Away
Two men discovered trying to enter the Antioch News building through a side window were frightened away by Kenneth Mortensen from his apartments, a few doors to the north Tuesday night. When he called to them they got in a 1941 Hudson and drove away rapidly. The car is believed to be the same one connected with other burglaries in the village. Had the men got in they would not have obtained much for very little cash is kept in the register and safe.

Attend Legion Convention
Mrs. John L. Horan, retiring district supervisor of the American Legion Auxiliary, and Mr. Horan, district scribe, went by plane to Philadelphia Sunday in attending the national convention of the American Legion and its auxiliary.

High School Enrollment Reaches 300 This Year; New Secretary Hired

Indications are that Antioch Township High school will have an enrollment of 300 students this year, T. R. Birkhead, principal, said following the registration Wednesday, Aug. 17.

This is 15 more than last year and 60 more than 5 years ago.

The students will obtain their books next Tuesday, pay their locker fee and get their locker assignment, and on Wednesday will start regular classes.

The teachers will attend the county institute at Waukegan on Tuesday.

Mrs. Marjorie Baethke, who has served as secretary for the last two years, resigned to take a position at Pickard's. Her place is being taken by Mrs. Alice Fearon, who formerly worked at the telephone office.

Many Lettermen Greet Coach Kruzan Among 45 In 1949 Football Squad

Team to be Heavy This Year With Many Experienced New Players

Nine lettermen among a number of good prospects in a squad of 45 greeted Coach Maurice Kruzan at the opening of Antioch Township High school's football practice last Thursday.

Physical examinations and conditioning took up most of the time until Tuesday evening when uniforms were issued and drill was started.

The Sequoits will blossom out this season in brand new outfits from headgear to shoes. The jerseys will be scarlet with silver numbers and the pants will be of the two-way stretch type and in silver gray. The helmets will be dark and of excellent quality.

"We spent around \$1,000 for our uniforms this year," said Kruzan.

The coach appeared quite pleased as he looked over his squad. There were lettermen Pete Poulos, 180 lb. fullback and captain; Richard Radtke, 140 pound halfback; Melford Stillson, 140 pound end; Fred Wolff, 190 pound senior tackle; Harold Cardiff, 175 pound veteran center; and Jerry Crichton, senior guard, weighing 160 pounds. All of these are seniors.

Robert Wilton, last year's end, is not out yet.

Kruzan is also looking for good playing from Eugene Wiczorek, 160 pound senior halfback, but said that Patrick Quilty who plans to study for the priesthood, has been lost to the squad. Quilty was a good kicker. Robert Lubetmann, a sophomore is expected to see service at end, and Tom and Bernard (Buzz) Hayland, both juniors he considers light but good in the positions of quarter and halfback.

Added to this he has Kenneth Rentner, 210 sophomore tackle; the speedy Don Appanaitis, a junior, and a good player in Bernard Gutski, a 160 junior who can play end.

Others are Jack Pregener, junior tackle weighing 180 pounds; Harry Conrad, 180 pound tackle, a junior; Teddy Gijewski, light, but with lots of fight; George Nelson, a sophomore weighing 160 pounds who might make good at tackle; Robert Palm, 180 pound tackle material if he can pick up speed; and Bill Holt, guard, a junior.

Kruzan said there are more in the squad whom he does not yet have a line on but will be watching.

He said that he is passing up any opportunity for a major game on Sept. 16 and while he might stage a practice game, his first important game will be with Barrington here Sept. 23. To say that Barrington here was the conference champion last year and has much of its squad back this year is sufficient to indicate what the Sequoits are up against.

Hire Speech Teacher

Mrs. Barbara Green, of Palatine, has been employed as a speech correction teacher to serve Antioch, Lake Villa, Fox Lake and Gavins (Ingleside) schools. She will make the Gavins school her headquarters. Because none of the schools could afford a teacher, the agreement to combine their resources has solved the problem for the four school and will provide the much needed instruction.

Hot Lunch Program

The hot lunch program will start at the Grass Lake school Monday, Sept. 12, officials announced.

Wilmot High Addition Wins in Referendum Over School Location

Vote is 1,326 for Addition And 1,158 for Entire New Building

By a vote of 1,326 to 1,158 the Union Free High school district of Kenosha county on Tuesday voted to build an addition to the Wilmot High school rather than build a new high school.

A total of 2,553 votes were cast and there were 69 spoiled ballots.

The referendum now authorizes the school authorities to proceed in spending \$600,000 in constructing a substantial addition to the Wilmot building now used by 300 students. It is estimated that through increased area and community growth the proposed addition taking care of a total of 500 students will be well filled.

As shown by the closeness of the voting the referendum was a bitter fight. Much of the opposition grew out of the distance many of the students will have to travel, while the opposition pointed to the saving in costs by use of the old building.

New Midget Auto Track To Open at Waukegan Sunday, September 4

Lake County sport fans will have another exciting sport available now with the opening of the new Waukegan Speedway park on Sunday afternoon, Sept. 4.

The new quarter mile track is situated on Washington street, half way between Green Bay road and Skokie (U. S. 41) making it easily accessible to the many fans in this area.

New bleacher seats to accommodate 3000 have been installed and everything is in readiness for the Sunday afternoon's 7 event midget auto races.

Top drivers from the Midwest Racing Association will compete at Waukegan Speedway Park. Some of the high point racers in the Midwest association are Rex Easton 1948 Illinois midget racing title holder, Floyd Ruby hailing from Wichita Falls, Texas and considered one of the greatest midget (dirt track) racers in America.

Others are Johnny Roberts of Markham, Ill., and Theodore and Gene Hartley who comprise the only father and son auto racing team in the country. The Hartleys reside in Roanoke, Ind. and Gene is a student at Purdue University.

American Legion and V.F.W. Will Aid Veterans To Get Ins. Dividends

Both the American Legion and the Veterans of Foreign Wars posts in Antioch are offering their services in providing and helping fill out applications for special dividends from the National Service Life Insurance for veterans of World War II.

They are helping find their share of the 10,000,000 World War II veterans whose address the Veterans Administration does not have.

Commanders of the two posts made it known that every veteran who held his NSLI policy for 90 days or more will have a refund coming to him. The Veterans Administration expects to pay out approximately \$2,800,000,000 in these funds. Payments will average \$175. It is expected that it will take weeks and maybe months for a veteran to get his refund check.

L. J. Zimmerman who maintains a service office for all veterans above the First National bank of Antioch; and Tony Sciacero of Lake Villa will provide the application blanks and help veterans fill them.

The V. F. W. service office is open daily from 9 a. m. to 5 p. m. and Tuesday and Thursday evenings from 7 to 9 p. m.

Both the Legion headed by Cmdr. Ed Jahneke, and the V. F. W., provide services for veterans of all wars who require hospitalization or medical attention or desire help in their various problems.

Gavin School to Open Sept. 7

The Gavin school will open on Sept. 7 regardless of the fact that the new addition is not ready. The school representative said that the authorities would wait to see what the en-

District Scout Leaders Hold Round Table Here; Court of Honor Planned

Boy Scout executives of the northwest district met at the Scout House here Monday evening at a Round table in planning the year's program, Harold Cardiff scoutmaster announced.

The discussions were led by Ed Schwickel, Highland Park, chief executive and Medil Radlaw, Libertyville, commissioner of the northwest district.

Scoutmasters from Grass Lake, Grayslake, Mundelein, Diamond Lake, Libertyville and Antioch were present. Nick Buck of Mundelein provided the luncheon that followed the two-hour meeting.

The age limit in scouting has been changed this year. Cub Scouts are from 8 to 11 years, Scouts from 11 to 14 years and beyond that the boy automatically becomes a senior scout.

There will be a board of review here Sept. 7, when achievements of scouts in the northwest district will be passed upon. On Sept. 13 there will be a court of honor in which the awards will be distributed to those decided upon by the board.

V.F.W. Returns to Won Column in Victory Over New Munster, 11-4

After a rather prolonged breakdown the run producing machinery of the Antioch V. F. W. finally got back in gear Sunday. The result was a lopsided 11-4 triumph over New Munster. Playing without the services of Jack Crandall, Glenn Fox, and Bernie Schneider, all of whom were on the injured list, Antioch, nevertheless pounded out sixteen hits including two doubles, two triples and a home run. Herb Ellis clouted the home run which was a line smash to dead center field. The blow was probably the longest hit of the season. Ray Bushing, Pres Reckers and Ed Palenski led the hit barrage with three singles each.

Ray Bushing toed the rubber for Antioch; and while he was touched for eight hits, he struck out fifteen and walked only one man. He blanked the opposition the last four innings on one lone hit. The one two punch of Chuck Lois and Hank Kretschmer was the only thorn in the side. Lois connected for a double and a triple and rode home each time on line singles by Kretschmer.

For the first five innings the game was a see-saw affair which saw the lead change hands twice and the score knotted three times. In the sixth, however, Antioch took permanent possession of the lead as they scored three runs on a fluke hit, two errors, a hit batsman and a long fly. The V. F. W. sewed up the game in the seventh with three more runs and added one more for good measure in the eighth. During this time only two men reached base for New Munster, one on a hit and the other on an error by Wickert.

Next Sunday's game will be an intra-village tangle between the V. F. W. and the American Legion. Both teams will be going all out to win the game and enter their claim as "city champ."

rollment will be and if it's too large, two sessions a day splitting the day between groups would be necessary. It is expected that the new addition will be ready in October.

Archie B. Johnson, Former Publisher of News, Dies Wednesday

Was Resident of Antioch for More Than Fifty Years

Archie B. Johnson, 85, well-known resident of Antioch for fifty years passed away Wednesday evening, as a result of a lingering illness. Death occurred at 4 p. m.

He was born on July 10, 1864, in Utica, New York, and moved to Antioch more than fifty years ago. He purchased the Antioch News from its founder, J. J. Burke in 1901, and operated the newspaper for twenty years. In 1926 he sold the paper to the late H. B. Gaston, and retired from business.

He was a member of Sequoit Lodge A. F. & A. M., and was active in the organization until the last few years, having held membership for forty-five years. The Lodge will conduct a grave-side ceremony.

His wife, the late Lottie M. Cribb, preceded him in death several years ago, as a result of an automobile accident.

Funeral services will be held Friday, September 2, from the Strang Funeral home. Interment will be at Angola Cemetery, Lake Villa, Illinois.

Hail, Rain, Strong Wind Usher in Cool Weather; Some Areas Are Damaged

Wind, hail, and rain raked the Antioch area yesterday as the cool blasts of fall swooped down from the north to replace the summer temperatures.

All three elements were spotty in their courses. William Molter, three miles north of Antioch, said the wind was quite strong in his neighborhood and garage doors at his place were blown off. Corn was blown down.

Hail fell in Antioch twice during the afternoon but it was not intense enough to do damage. There was a strong wind west of the village that did damage to trees.

Electric power served by the Public Service Co., of Northern Illinois went off at Petite lake at 4:20 p. m. and about the same time in a few other communities north of the village.

Corn is ripening fast and farmers in this area are filling their silos.

Fruits, like corn, are ripening 10 days to two weeks earlier this year and persons who can peaches will find the season practically over by Labor Day.

Annabelle Barthel Will Enter Stephens College

Columbia, Mo., Sept. 1—Miss Annabelle Barthel of Antioch has been accepted for admission at Stephens College and will arrive on campus at Columbia, Mo., Sunday, Sept. 11. During the Sept. 12-15 registration period the all-college welcoming assembly, Monday, Sept. 12, in the new 3000 seat assembly hall, will mark the formal opening of the 117th year in the history of Stephens College.

The enrollment of approximately 2200 at Stephens this year includes students from each of the 48 states and from 20 foreign countries, territories and possessions.

Miss Barthel is the daughter of Mr. and Mrs. Carl Barthel.

Grade School Will Open Tomorrow for Enrolling; Classes on Wednesday

Third Room Refinished, and Acre Added to Play- Ground Space

Antioch grade school pupils will go to school tomorrow, Friday. Buses running on regular schedule will pick up many of them and they will assemble in class rooms at 9 a. m.

It will only be for registration, however, and there will be no afternoon session. Neither will there be any sessions Monday, Labor Day, or Tuesday when the teachers will attend county institute, but classes will start in earnest next Wednesday.

"We had to have this early registration period to know how many we are going to have and to know how to prepare for them," said Principal Richard Whitacre in explaining the early opening of school.

He reminded parents of children entering kindergarten and first grade that birth certificates must be presented showing the required age of five and six years having been passed before Dec. 1.

The third room in the old building has been decorated in light colors and provided new furniture so that it is the show room this year. Drinking fountains have been placed in the old building.

Nearly an acre of ground has been added to the playgrounds so that adequate space for play is now available.

Quicksand Makes Delay In Sewer Construction, But Work Progresses

Naber Arranges for Extension South Across Rte. 173; Wants Laterals

Construction of the sewer on Orchard and Hillside sts., is in progress with about 500 feet of the 8 inch tile laid and two catch basins put in.

Mr. Quigley of the firm Quigley and Schneider, Highland Park constructors, said that the work was delayed in progress to the extent of 150 feet when sand was struck on the hillside on Orchard st.

It was necessary to drain the area of a large amount of water before the work could proceed. The "quicksand" is at a point where the village has always had trouble maintaining the road.

The contractor told the Rev. Francis M. Flaherty of St. Peter's church, that unless some more unforeseen trouble occurs he will have the sewer to the school by next Wednesday. He told him he would make the connections at the school immediately at cost.

Barney Naber has made tentative arrangements to continue the sewer and water into his subdivision. If the village board will permit Naber will run a lateral 200 feet west and 100 feet east of the main sewer north of highway 173, and then will extend the sewer under the highway and run it west through his property.

Quigley said Naber's purpose in the lateral is to make it unnecessary for property owners north of the highway to go under the highway for a connection but can make it at the rear of their premises.

Naber's total footage will be 1,500 feet if the board permits the lateral, and if not will be 1,200 feet, Quigley said. The work will be done after the village's work is completed and at similar cost.

Naber's sewer and water mains will be the same at the city's.

Because Orchard st., is widened 20 feet through land given by A. N. Ackerman, the middle of the highway is moved 10 feet south. This makes the connection at the east end an angling one. The Public Service Co., moved its power line poles south on Orchard and east on Hillside to take care of the widened street.

Quigley said that the laying of the 6-inch water main would not be started until the sewer is completed for the village. The water line will be south of the sewer line and not so deep.

The trench for the sewer is being filled as fast as the pipe is laid, but preparations are made for attachments as they proceed.

President Bartlett III

George B. Bartlett, president of the village board has been bedfast since Sunday. He was taken ill a week ago.

We Don't Need It

Anyone who still suffers under the illusion that only the government can adequately supply industry, aiculture and residential users with electricity, should take another quick look around.

For instance, in California a private utility is now building a huge new powerhouse, which will go into operation in 1951. At that time, the utility will have doubled its prewar electrical output—from 2,000,000 to 4,000,000 horsepower. It says this is "America's greatest power-building program."

The utility industry as a whole is now engaged in the greatest expansion program in history. The cost will run well into the billions. Particular emphasis is being laid on rural and agricultural electrification—within a relatively short time practically every farm will have central-station power available. For all classes of service, there will be a safe and growing margin of capacity over the demand.

The power produced by the utility is sold at rates and under conditions which are prescribed by public regulatory bodies. Heavy taxes—totaling more than 20 per cent of revenues—are paid to government. And standards of service approach perfection.

Government power is wholly or partially tax free. There is no regulation. Often it is tax subsidized. Worse yet, it stands for socialism in a supposedly free country.

End "Feather-Bedding"

The chief operating officer of one of the Southeast's larger railroads recently told a presidential fact-finding board that "the competitive situation confronting the railroads calls for maximum efficiency and economy and this can be achieved only when railroad labor stops its make-work demands and co-operates with management in eliminating feather-

bedding practices."

One of the worst examples of feather-bedding is found in union demands for two firemen for each diesel-electric locomotive, instead of one. Expert after expert has pointed out that this would serve no worthwhile purpose at all. Modern diesels are about as automatic as machinery can be, and they can be handled efficiently and with ease by present-size crews. Furthermore, the argument that the outsize crew would make for greater safety for the men has been exploded. One railroad, for instance, has put nearly 54,000,000 road miles of diesel operation under its belt during the past three years. No fireman has lost his life in an accident. There have been only 20 injuries to firemen—and most of these consisted of a cinder in an eye, a hand caught in a door, and so on.

This demand, along with the other feather-bedding practices, would place a heavy financial burden on the railroads at a time when they cannot afford it. From the point of view of railroad labor, it would endanger jobs—excessive operating costs can strangle any industry, by driving away business which makes employment possible. From the point of view of the traveling and shipping public, it would ultimately force rates to a higher point than would otherwise be necessary.

Railroad labor has made great gains in recent years. But feather-bedding, and other artificial "make-work" schemes, are indefensible.

The Low Down From Hickory Grove

Day by day somebody in Govt. comes up with what this country needs. It has been thus for lo these many moons—but after saying okay and then sampling the new elixir that is to get us back on our feet, what happens. What, says Henry, We get out the worn check book and another dead horse is paid for. But we still have the same old void in our midriff or wherever it is you feel worst as you see Sambo dishing out our dinero in 1000 ways on things that the citizens did for themselves when this country was younger and full of vim and vigor.

Now, if the Govt. lads can tell everybody what is good for us—and then it turns out sour—I can do no worse.

Above everything else that every citizen needs, is to dust off his AEsop. We no longer can tell a fox from a goat. If a glib gent says to us, "nice people, give me your vote—I will get you a nice airport or swimming pool or brighter lights or a better dentist or doctor, and free—or almost"—we elect the guy, pronto. But the catch is—"FREE"—we wake up later.

Grown-up suckers are a problem and maybe almost hopeless, but in the school houses AEsop should be included in all curriculums—kindergarten to PhD.

Yours with the low down,
 JO SERRA

Patricia Anderson Becomes Bride in Summer Service

In summer services Miss Patricia Anderson, daughter of Mr. and Mrs. Burt Anderson, became the bride of Roland Wayne Polsgrove, son of Mr. and Mrs. O. E. Polsgrove. The ceremony took place at a candle-light double ring service in the Methodist church, Saturday, August 27, at 8 o'clock. The Rev. G. Richard Tuttle officiated. The bride was given in marriage by her father.

Miss Anderson wore a gown of slate blue, ankle length, with a hat of grey, her flowers were pink roses. Roberta Anderson was her sister's maid of honor, her gown was of grey crepe and her flowers were red roses.

Martin Moleski was best man. Ushers were David Arthur and Howard Nevitt.

The bride's mother wore a grey dress and hat, a corsage of camellias. The groom's mother wore black with white accessories and her corsage was white camellias.

Both are graduates of the Antioch Township high school.

A reception was held following the ceremony at the home.

After a wedding trip to Wisconsin the newlyweds will be at home in Antioch.

Library Notes

Arthur H. Carhart is an authority on the popular sport of fishing. In his book "Fresh Water Fishing", he gives us the results of a lifetime of study of fish, their habits and habitats, and of the tackle and lures which have been developed over the years. Here is a book which tells the angler how to appraise fishing conditions and predict how fresh water fish will react to these conditions.

"Fresh Water Fishing" was presented to the Antioch Township Library in memory of Charles Alvers, Jr.

Sportsmen's Co-Op. Purchases 61-Acre Tract at Deer Lake; Will Construct Lodge in 1950

A 61-acre tract formerly a part of the Ravencroft farms northwest of Rtes. 173 and 45 at the south end of Deer lake has been purchased by the recently organized Sportsmen's Co-operative association of Lake County, Kenneth Sams, president, announced.

The land selected by the association's committee, H. Eaton, Holger Wangman, and C. A. Sams promises to become the mecca for many of the county's fishing and hunting enthusiasts within the coming year.

Twenty acres of the property acquired by the sports group overlooks the lake and is heavily wooded with hickory and oak trees, while the remainder of the tract is largely slough and farm land.

Install Two Culverts
With the idea of completing the purchase of the tract at this time, the Sportsmen's Co-op several weeks ago installed two concrete road culverts leading into the property, and members are now busy erecting a caretakers' cottage along

with dredging operations in one of the sloughs.

Early next spring, according to present plans, the association will start the construction of a suitable lodge, plus a 100-yard rifle and pistol range and a trap and skeet range, President Sams disclosed today.

The Sportsman's Co-op is a non-profit corporation organized under state charter to assist the farmer in any emergency that might endanger his family or livestock. It is the only organization providing such service. The association also will co-operate with officers and directors of the Lake County Farm Bureau in a number of ways to be announced later.

The Co-op group's club facilities, it was stressed, will be open to farm members and associate members at all times. In addition, officers and members of all sports groups in the county area are extended a cordial invite to drop out to Deer Lake and look over the site.

Hottest**Cairo or Washington?**

CAIRO.—The question whether the weather is hotter in the summer in Washington or Cairo has become a political issue of some importance. It has put in doubt the government's departure from Cairo for Alexandria for the summer season.

In effect, the debate centers on whether the Egyptian cabinet members are "softies" compared with members of the United States cabinet who are held up as examples of devotion for sticking it out in Washington in the hot months.

The reply of the ministries is that the offices in Washington are artificially air conditioned, while in Cairo there is no air conditioning except in the cinemas. Nevertheless, this was an election year and the debate promised to become as warm as its topic.

'Climate Factory' Soon May Produce Giant-Size Crops

PASADENA, CALIF.—A new world of agriculture, in which plants never see the sun or feel the elements produce crops of incredible size and flavor, awaits just over the horizon.

Between that world and this, scientists say, lie only a few years of experimentation—in a new "climate factory" at the California Institute of Technology.

It's the Earhart plant research laboratory—a supergreenhouse with built-in weather and soil controls. Every kind of climate in the world which will support plant life can be reproduced in this \$400,000 nursery. Built with funds donated by the Earhart foundation of Ann Arbor, Mich., it was dedicated recently.

Known as the "Phytotron," this laboratory will artificially recreate or eliminate all but one of the known factors in plant growth such as soil, climate, insects and sunlight.

The one factor which the Phytotron will not be able to control is cosmic radiation. These are the mysterious rays which come from somewhere out in the universe, constantly bombarding the earth and sometimes changing the evolution of living things upon it.

"We don't know any way to protect our plants or ourselves from these radiations," says Dr. Frits Went, director of the laboratory. "But we hope, by controlling all other factors, to learn exactly what effect these radiations do have."

Illicit Whiskey-Making Accelerates Since War

LOUISVILLE, Ky.—Business may be slipping from wartime peaks, but not whiskey-making by the light of the moon.

Contrary to legitimate industry, backwoods dew brewing hit a slump during the war, but has accelerated since. The reason for the "depression" was obvious—scarcity of materials and labor.

While moonshining is coming back fast it is still far below pre-war high, the U. S. alcohol tax unit, which is ever alert for non-tax-paid whiskey and unlicensed private distilleries, reports.

For the first four months of this year 86 stills were seized in Kentucky, as compared with 75 for the same period of 1948. W. H. Kinaird, chief investigator here for the A.T.U., announced. There were 157 arrests in raids this year and 118 in the previous period.

The government gained on cars and trucks grabbed, 25 compared with 11. However, there was less mash destroyed, 12,354 gallons against 13,990.

Kentucky's time-honored occupation grew and grew during the 30's until it reached a record of 635 stills raided in 1940. Arrests totaled 1,764 and 202 cars and trucks were seized in that year.

This state is not alone in the expansion of the industry. In the fiscal year which started July 1 there was a national increase in raids by "revenooers" of 21 per cent.

Professor Wins Damage Suit For 5 Million From Uncle Sam

WASHINGTON.—Louis H. Crook, a Catholic university professor, won a five million dollar patent suit against the government.

The court of claims unanimously upheld his claim to the invention of an ignition shielding system used by the government during the war to prevent electrical interference with radios in planes, automobiles, tanks and other vehicles.

Crook, 61, dean of the school of aeronautics at Catholic university, owns 25 per cent of the patent which expired in 1944. The rest belongs to Herman Jakobson and Samuel B. Pack, deceased lawyers.

The court ruled that Crook's patent was valid and that the government infringed it in using the shield from 1937 until 1944. It called for an accounting to determine the exact amount the government owes Crook and co-owners of the patent. Some estimate this may be a minimum of five million dollars in royalties.

SHORT STORY**Infectious Laugh**

By Richard Hill Wilkinson

IT WAS ETHAN PRYOR'S laughter that first attracted Abigail to him. When Ethan laughed every one else laughed. The sound had that mirthful, appealing quality that was infectious. It was good to hear. It gave you a feeling of well-being.

This all happened in 1929, when Ethan's retail antique business was netting him \$15,000 a year. It was easy to laugh then. They were a jolly couple.

In 1931 Ethan's retail antique business dropped off from one-half its top amount to one-third, then to one-quarter.

That year passed and the next. The Pryors didn't find it so easy to laugh. They gave up their seven-room apartment and moved into a less expensive one.

In January of 1934 they moved to a single room in an unfashionable part of the city. Ethan was barely making enough to keep them from starving.

Abigail hunted for a week and eventually won for herself a job. It wasn't much of a job. She sat behind a glass window all afternoon and evening selling tickets for a stock company performance. The stock company wasn't doing so well. It looked as though it might fold up any day. But it paid \$15 a week and would have to do until she could get something better.

Inspired, a little ashamed, Ethan went job hunting himself. He hunted a week, two weeks, without success. He began to brood. Abigail did her best to cheer him up, to get him into a happy frame of mind.

"Let's hear the old laugh ring out, darling. A pleasant frame of mind is half the battle." She sat on the arm of his chair. "Tell you what. Let's celebrate. Let's take \$5 and go down to Tony's. We can have a gay time for a change."

THEY WENT to Tony's. They drank wine and ate a big dinner. They danced. They sat and watched the floor show. It wasn't a bad floor show. Among other things there was a comedian. The comedian was sad. He wasn't

"Well, I guess we laughed our way through that depression."

funny. But Abigail laughed. She laughed as though she thought he was tremendously funny.

Ethan looked at her. A fond light came into his eyes. She was trying to be gay. She was doing all she could to bolster up his spirits. He could at least help.

Ethan laughed. It was the old time, mirthful, appealing laughter. It rolled out and filled the room. Others heard it. Others laughed. They couldn't help it. They laughed with Ethan. The comedian was inspired.

After the show a man came up and sat down at Ethan's and Abigail's table. Abigail introduced him as the owner of the stock company show where she sold tickets. His name was Jones.

"Listen," said Mr. Jones. "We'll pay you \$5 a night to come and laugh at our show. It's supposed to be a funny show. You can put it across."

Ethan scratched his chin. He looked at Abigail. He said: "Well, I dunno. For \$40 a week I might consider it."

"Sold!" said Mr. Jones. Ethan looked at his wife when he got home. "You planned it!" he accused.

"Sure," said Abigail. "When you have something it should be cashed in on. You can laugh your way to riches, my dear."

Times were getting better. People were buying antiques. By the beginning of 1936 he was doing quite well. That summer he enlarged his shop.

"Well," said Abigail, happily, "I guess we laughed our way through that depression all right."

Ethan kissed her. Then he threw back his head and began to laugh. He laughed loud and long. "There!" he said. "That laugh isn't going to cost any one a cent. From now on I laugh because I want to and free of charge. Honey, I love you."

"Ditto," said Abigail.

It's America's top refrigerator buy!
For the Gas Refrigerator alone brings
you the famous basically different freez-
ing system without a single moving part
to wear or make noise. Just a tiny gas flame
does the work. So Servel stays silent, lasts
longer, as more than 2,500,000 owners know.

You'll find every new food-keeping convenience in the
beautiful new Servels, too. There's a big frozen food
compartment. Plenty of ice cubes, in trigger-release
trays easy to pop out. Loads of tall bottle space too.
And shelves that adjust up or down, slide in or out—
Plastic-coated for easy cleaning. There are big de-
action fresheners to keep fruits and vegetables garden
crisp.

Come see them today at your dealer's or our nearest
store. Discover why the famous Servel Gas Refrigerator
outranks all others for value.

LAKE VILLA

Rev. T. E. Rodd has selected the topic, "The Sacrament of Labor," for the worship service at the Community church next Sunday at 11 a. m. Summer visitors are welcome. Miss Sue Weber was soloist last Sunday and the choir, under the direction of Mrs. Gordon Martin, will sing next Sunday, after having had a vacation during August.

Mr. and Mrs. Hans Nelson, of East Shore Gardens left last Saturday on an auto trip to Minneapolis, St. Paul, Duluth, Minn and Superior, Wis., where they were married 50 years ago and have not been back for several years. They plan to be gone two weeks.

Mrs. Paul Avery, Sr., entertained the ladies of the Sewing club at a luncheon at her home at Cedar Lake last Thursday afternoon. Mrs. Stella Pedersen, Mrs. Marie Hamlin, Mrs. Lulu Boehm, Mrs. Lulu Nelson, Mrs. Mayme Kaple and Mrs. Cora Hamlin were present, also Mrs. Ruth Schumacher of Wonder Lake, Mrs. Ruth Sheehan and daughters of Antioch and Mrs. Doris Obenauf her neighbor, were guests.

Mr. and Mrs. Jerry Plaisance, of St. Louis, came Monday to be guests of Mr. and Mrs. William Weber at Sand Lake for a few days.

Mr. and Mrs. Charles Rother and children, of Chicago, have returned home after some time spent with Mrs. Rother's parents, Mr. and Mrs. Albert Kapple, who kept the children while their parents spent ten days at Minneapolis.

The regular monthly card party will be held at the Masonic hall at Milburn on Saturday evening, Sept. 3, at 8 p. m., for the benefit of the building fund. Harley Clark is chairman.

Mr. and Mrs. Don Summers have as houseguests Mrs. Summer's parents from Tennessee. They visited the Wisconsin State Fair at Milwaukee on Tuesday evening last week.

Mr. and Mrs. Edward Langbein spent Wednesday last week at the Railroad Fair in Chicago.

Mrs. Dan Boyer was in Chicago last Friday to visit her brother, who is very ill at a hospital there.

Mrs. Clifton Bray and her sister, Mrs. Virginia Smith, of Buena Park, were luncheon guests of a friend at

Palatine on Wednesday this week. Mr. and Mrs. Joe Petru, Mr. and Mrs. John Petru and Miss Annie Petru, of Cicero, were guests of Mrs. Marie Hamlin over the weekend and attended the carnival.

Rev. and Mrs. C. J. Hewitt, of Elgin, who served the Community church several years ago called at the Charles Hamlin home last Sunday afternoon. His sister, Miss Helen Hewitt, of Elgin, accompanied them. Rev. Hewitt had been guest pastor at the Zion Methodist church which he had served more than forty years ago.

Mrs. Martha Madsen accompanied by her sister from Kenosha and Mrs. Frank Valenta, of Ingleside, left Friday night by bus for a trip to the Pacific Northwest and will visit Mrs. Madsen's sister in Oregon.

Mrs. Effie Kelly, of Racine, spent Saturday and Sunday with Mr. and Mrs. Charles Kelly, who took her back to her home in Racine on Sunday.

THE ANTIOCH NEWS

928 Main St.

Antioch, Ill.

SEE IT and you want it - PRICE IT and you'll buy!

FOLKS take a look at those bumper-guard grilles—built as a unit and proof against "locking horns"—and say "Hmmm! Nice!"

They sweep their eyes over tapering fenders, with a suggestion of jet power in their after contours—and say, "That's for me!"

They eye-measure windshields that are 48% bigger and rear windows with 56% more area—and know without being told they can see the road up closer, both fore and aft.

So they say—"That's for me—IF!"

"What does it cost me to get this handy-sized dandy with the roomiest interiors ever found on a Buick Special?"

"What do I pay for high-compression, high-pressure Fireball power from a

big Buick straight-eight engine?

"What's the tag on that swell Buick ride, with coil springing, extra-wide rims, seats between the axles and all that?"

"And what about Dynaflo Drive—understand I can have that at extra cost—how much?"

Well, sir, the news is good. Plenty good.

Because this honey's priced well under your expectations. It's a straight-eight that's priced under a lot of sixes—over the years your investment will be no more than for any other car.

So better not stop with looking. Better price it too—delivered at your door. Your Buick dealer will give you the figures, even demonstrate.

After which you'll do as others are doing—you'll get a firm order in.

TEN-STRIKE!

Only Buick SPECIAL has all these Features!

TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLO DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

Who Wrote the King James Bible?

The King James Bible wasn't written by any one individual. In 1604 James I of England appointed fifty-four eminent scholars to make a new translation of the Bible. It took seven years to write and was called the King James or Authorized Bible. In 1870 a company of English and American scholars brought out the first Revised Version.

Somebody Was Wrong—

If you have confidence in yourself, and your potential abilities, don't let anybody talk you out of them. Consider the following: F. W. Woolworth, founder of the five-and-dime chain, was once hired as a janitor for 50c a day by a retail store owner who didn't think Woolworth had enough business sense to wait on customers.

When Zane Grey was still an unknown trying to sell his book manuscripts a publisher told him he had no ability for writing fiction; and Louisa May Alcott (Little Women) was a tomboy marked by her fellow townspeople as a girl who would never amount to beans. A publisher once told her to give up the idea of writing.

The first time George Gershwin ever played the piano on the stage he was laughed out of the theatre by both the audience and his fellow actors.

Albert Einstein's teachers classified him as a dunce, and even his parents thought him backward. And when Thomas A. Edison was in school he was always at the foot of the class because he couldn't remember his three R's. His teachers called him stupid and doctors predicted he'd have brain trouble.

Household Hints—

When painting woodwork in home don't forget to coat door-knobs, locks and other metals with vaseline. You can then remove paint easily that has splashed on metal surfaces.

To remove spattered paint from window glass use an ordinary coin. It is better than a razor blade as it doesn't scratch the glass.

How to Save Money—

Those who have never tried the experiment of putting a single penny in their piggy banks the first day of the month, doubling it the second day, (2c); again the third day, (4c), and so on for a month (31 days), will scarcely believe the extent of their savings at the end of the month.

Never mind getting out your pencil, here is the answer.

St. Patrick's Church to Celebrate Centennial; St. Peter's Was Mission

While the mother parish on the east, St. Patrick's of Wadsworth, is preparing for its centennial anniversary the parish of Antioch, which was a mission of St. Patrick's is getting ready for its Golden Jubilee.

In reality, St. Peter's was to have had this celebration two years ago for it became a parish with a resident pastor in the year 1897. However, in anticipation of the building of a parochial school it was decided to postpone the jubilee until the date of the dedication of the school.

Before 1897 a priest from Wadsworth came regularly to Antioch and its environs to take care of the scattered members of the flock. This was no easy task as there were no paved roads nor high speed autos in those days. In fact, travel for the most part was by horse and buggy.

In connection with this story is told about Father Bruton who on one occasion got a sick call from a man at Loon Lake, a distance of ten miles from Wadsworth. After driving four miles the priest had to walk several miles because of the condition of the roads. After taking care of the dying man, in order to get back to Wadsworth Father Bruton had to take a train to Chicago and then take another train from Chicago to his rectory. The Soo Line certainly was handy in that instance.

As previously mentioned in the columns of this paper, a souvenir booklet will be issued for the Golden Jubilee of St. Peter's. Letters have been mailed to the business and professional people of Antioch township and Lake Villa. A good response already has been received by the pastor of St. Peter's, the Rev. Francis M. Flaherty who asks that donations be made not later than Sept. 10.

Asks \$15,000 From Brotherhood
C. W. Larson of Woodstock has filed suit in the circuit court of McHenry county against the Danish Brotherhood of America, asking \$15,000 damages for defamation of character. He said he was elected as a delegate to the corporation's national convention in Seattle Sept. 2, 1947, but was rejected as a delegate although had credentials. He said that by reason of this his character was challenged as to sincerity and his honor and reputation sullied and besmeared with suspicion and disgrace.

Enrollment at DeKalb Limited by Shortage Of Housing Facilities

DeKalb, Ill. — Northern Illinois State Teachers college will open the 1949-50 academic year on Tuesday, Sept. 13, when freshmen and other new students report for the Freshman Week orientation program.

While enrollment will be limited somewhat by the shortage of housing facilities for women students, the total registration figure may reach a new high of 1,700, reports Ruth Harnack, director of admissions. Miss Harnack indicates that the final figure will be tempered by the fact that Northern graduated the largest senior class in its history and is, at the same time, unable to find living quarters on or near the campus for over 100 women students.

Former students will register on Saturday, Sept. 17, and classwork for all students opens Monday morning, Sept. 20, at 8 a. m. Credentials of all new and transfer students must be in the admissions office by Tuesday, Sept. 13.

When Northern opens its doors for the fall quarter, the event will mark the beginning of its second half-century of service in educating teachers for the schools of Illinois.

Returning upper-class women will occupy the newly completed Adams Hall, housing 120 students. However, the new dormitory is not adequate to relieve the pressure on Williston Hall which still has a substantial waiting list.

Sometime this fall, the student

body will witness the ground-breaking for construction of the long-awaited and much-needed library to be built on the west end of the present campus near the Science building. Construction may begin late in October or early in November.

Gavin School to Open Sept. 7
Despite the fact that the addition to the Gavin school is not yet completed, the school will open next Wednesday. Oren Kennel, principal, said that the annex is nearly finished and will be occupied soon. The basement and corridor will be used until the new class rooms can be occupied.
